good connection with
my project reality!"*

Process expert

TRAINING

OMM© LEAN DECISION BASED PLANNING

**The methodology for the
agile/scrum organisation!
For starting and experienced
project managers**

*"Perfect start for
Agile working!"*
Project manager

LEAN DECISION BASED PLANNING

Are you also done with the elaborate Excel en MS Project schedules? This training focuses on the newest planning methodology for projects: Lean Decision Based Planning.

WHAT WILL YOU LEARN?

This methodology is developed at Philips and makes sure that when you plan your projects, you:

- Have a good start for the agile/scrum method.
- Plan based on decisions instead of on activities, which results in a shorter lead time
- Will not include the waste in the planning
- Have a clear decisionmaking and data flow with your stakeholders

The good start for
AGILE /SCRUM
approach!

"A planning methodology with support from all the positions!"

Project/program lead

REVENUE

During this training you will learn
how to make a Lean Decision
Based Planning with your project
team and which follow-up steps
